### CONDENSED TELEGRAMS.

The Utah Northern railroad is completed to Oneida, 130 miles north of Ogden.

Reports from Arizona record increased ore and bullion shipments from the Territory.

The yield of wheat in Kentucky this year is fifty per cent. above that of ordinary years.

Wm. McClain, the man injured in the Manhattan mine Tuesday night died Wednesday night at Austin.

The warm weather in California is quite oppressive and several deaths from sunstroke have occurred.

The New York Sun reports the veteran editor, James Watson Webb, lying dangerously ill. He is over 76 years old.

The postoffices at Wells station, Winnemucca and Tulelake are to be added to the list of money order offices next Monday.

The people of Virginia city have put up \$1750 for defraying the expenses of their coming Fourth of July celebration.

The loss of wheat in San Bernardino county from rust will be fully 4,000 acres—120,000 bushels—and a total loss in cash of \$144,000.

A Washington dispatch says that ex-Lieutenant-Governor Hahn, of Louisiana, will be appointed Superintendent of the New Orleans mint.

Reports are current in diplomatic circles that confirm the statement that Austrian occupation of Bosnia is imminent. It is stated that till three days ago the proposition for the occupation of Bosnia and Herzegovina by Austrian troops was entirely disapproved by the Congress.

### A Terrible Outrage in Oregon.

A Portland dispatch of the 28th says: The particulars of a terrible affair, which occurred near Silverton, Marion county, have reached here. A man named Lock Milster, a farmer near that place, on going to his barn, discovered his daughter, aged about fourteen years, and a lad about the same age, in a peculiar situation. Discovering the criminal relation so enraged the father that he got a large horsewhip and gave the boy a sound thrashing. The boy thought it was time to leave, and put out for his father's house. Milster was not satisfied with the punishment he had inflicted on the boy, so he started after him and caught the offender about a mile from the house. He stripped off his clothes, tied him to a tree, and proceeded to beat him in an unmerciful and inhuman manner with his heavy blacksnake. The boy begged and pleaded for mercy, but not until life was almost gone did the brute cease to ply the whip. He then untied his victim and left him. The lad then started for home, but died on the road. His body was soon after discovered. A coroner's inquest was held, and a verdict was rendered in accordance with the facts. A warrant was issued at once for Milster, but he cannot be found. Great indignation is felt in the community over the affair.

### Rabbit Killing in Idaho.

According to the following from the Idahoan, the rabbits are as great a pest in the Boise valley as they were here a few years ago. The Idahoan says: William B. Morris has several men employed in shooting rabbits on his farm across the river. Mr. Lammie and two other men kill about three hundred per day, and just above five men have killed five or six thousand since the slaughter commenced. The men receive six cents for each pair of ears produced. Mr. Morris has thus saved his grain fields from destruction. The combined efforts which the farmers are putting forth to rid themselves of the rabbit pest will soon render the nuisance a thing of the past.

### Plute Feeling in Regard to the War.

The Plutes have talked the matter over and have come to the conclusion that there is neither fun, glory nor love in the Bannock war. Nachez, the Plute chief, is anxious to lead his Indians against the Bannocks, but when the subject is broached to Captain Bob and other devoted clansmen here, they simply say—"Oh, Nachez be darn it which the interpreters say, means that they don't approve of the war proposition."—Virginia Chronicle.

### FINANCE AND TRADE.

The changes in Currency for this week is only noticeable in the fall of gold from 101 1/4 to 100 3/4.

The outside mines are coming more prominently to the front. The Comstock mines are quoted, on the whole, lower than last week. This fall is noticeable particularly in the bonanza stock. California yesterday reached \$15, and to-day it only raised 12 1/2 cents, and it is thought that the next dividend will be but \$1 per share. Trade in the San Francisco market is quite dull and but few articles are firm. Flour is quiet, and has fallen 25 cents on the barrel; Wheat is dull; Hay has fallen, and still heavy supplies are being thrown on the market; Butter has fallen for the same reason; Hides will probably drop on account of the surplage of leather in the San Francisco and Eastern markets; Eggs and Potatoes have advanced and are in demand; Beef holds its own, but Mutton and Pork have each fallen.

In the home market Wheat, Barley and Oats have fallen with the San Francisco market. A partial supply of grain is also coming in from the north. Considerable Wool is also being shipped through here from Surprise Valley—consignees, Custer & Bonner. Butter has declined 5 cents, and the market drags. It would be advisable for the farmers to pack their butter, that is, the greater part, and turn it into the market next Fall. There is little or no Trout in market. The Wool crop is very light, and gives no immediate prospect of becoming much better.

# Reno Evening Gazette

RENO, WASHOE COUNTY, NEVADA  
SATURDAY, JUNE 29, 1878.  
CALIFORNIA PRESS ASSOCIATION.

This is the name of an organization lately effected in San Francisco. The direct and immediate effect of such a convention will be to show the power of concerted action among journalists, and the comparison of of such views which form amusement to members of such a convention will surely improve both methods and motives among newspaper men. He who lives longest should be wisest in life's practical laws. He who compares lessons with his fellow man is more successful than the laborer who uses only his own experience. Or, in other words, a man attains the age of wisdom when he learns to compare his life with other lives. The California Press Association was organized with thirty members. Although no definite defense of the legitimate business side of journalism was projected, the feeling of the convention was apparent. Mr. Carlos White, the manufacturer of circus posters for the ornamentation of certain country newspapers, applied for admission and was refused. Mr. White is of the impression that a press convention without him is like the play of Hamlet without the melancholy dance. He will probably write about it on the outside. The convention adjourned until September 12th at Sacramento. We shall be glad to record a large increase in the membership.

## A LIVELY TOWN.

The complaint is often made of dull times, can't get any work, no money, etc. We met a gentleman whose family reside in Reno, but he is the traveling agent for one of the largest firms in San Francisco. His occupation therefore calls him into all the towns of more than 500 inhabitants on this coast, and he says that Reno has more life and does more business than any place of its size that he has visited. The gentleman is a keen observer of men and things, and his word is doubly reliable from the fact of his being an intelligent and an honest man. We need here men of capital and brains. The resources, mining, mechanical and agricultural, are just being opened, but we need men who are not afraid of a plow, or a pick, or a hammer. Casting our eyes about us we find that a number of our ranchers want farm hands, and a few miners are wanted. Some men may find employment in the mountains. In several of the counties of California there is a demand for good farm hands. So, idle men, don't say that you can't get work. Don't impose your idleness on the public. Go to work.

## EDITORIAL NOTES.

The Tribune's Paris correspondent has interviewed Grant. The latter said he thought Don Cameron very clever, not as a writer or as a speech maker, but as a convincing talker in a quiet way—off on a sofa. "There are men who make fine speeches," said Grant, "but they don't change your opinion. Now, Don Cameron talks to you in a reasonable way, according to business principles, and it is a pleasure to listen to him." He thought Senator Jones of Nevada was a man of much force of character, although he did not agree with him in his financial views. "He has original ideas," pursued the General. "He does not let any one else do his thinking for him. There is that report of his, able and new, although not of my way of thinking. Besides, Jones is growing as a statesman." He spoke of the ability of Thurman as a Democratic leader, and especially of that of Conkling as a Republican leader, in flattering terms.

The Eureka Republican is not, and the Eureka Daily Leader is. Messrs. Fisk & Canfield are the new managers, and we wish them a large measure of success. Where is McEwen, editor of the Republican? We hope that Nevada may retain his services. Mac is an able writer, and withal, a genial gentleman.

The Elko Independent says: Through a gentleman recently from Virginia City, we learn that Dav. E. Bailey, of Eureka, is prominently spoken of in the western part of the State as a candidate for Congress on the Democratic ticket.

The Carson Valley News has suspended—given up the ghost. Its bones will go to Markleville. We always had believed that friend Pratt was very prosperous.

## Raid on the Texas Border.

FORT COOCHO, Texas, June 27.—The mail coach from Concho to Fort Davis was attacked by Indians last night near Pecos river, and one passenger was wounded seriously, the stage escaping. This is the first time the large stage has been attacked in this vicinity, but it was not unexpected, as the Indians entirely ignore the presence of the military, whom they neither fear nor respect, and with good cause, for in the past two or three months men have been repeatedly shot in this vicinity, but nothing has been done to chastise the Indians.

## A SKIRMISH WITH THE RAIDERS.

GALVESTON, June 27.—A News special from Mason, Texas, says: The Indians referred to in the telegram of yesterday as having on last Sunday night raided on and captured over 100 horses in the vicinity of Johnson's Fork, were pursued and overtaken midway between Cedar Creek and Puerco. A lively skirmish ensued, which resulted in the death of three Indians and the recapture of all the horses. The whites suffered no loss as yet heard from, unless it be the loss of a few horses. No additional particulars.

## Butler's Tactics in the Committee.

NEW YORK, June 28.—The Tribune's Washington correspondent says: Butler seems to have captured the Potter Committee, and to be running the machinery to accomplish his own purpose. He is reported to have assured the committee in secret session that he can prove that a contract was made with the members of the Returning Board that they should be kept from harm whatever they might find it necessary to do in returning the State for Hayes. The Democrats, believing Butler's promise, are also reported to have reached the conclusion to let him take charge of affairs and manage them to suit himself.

The Treasury department is offered silver bullion at about fifty-two pence an ounce, making the cost of the silver dollar about eighty-eight cents. The sellers of the bullion take silver certificates in pay, and then sell them to persons to pay customs duties, so that practically the government gains nothing by paying silver instead of gold.

The Chicago Tribune is getting "confused" over the Beecher-Tilton business: "Mrs. Tilton is to be expelled from the fold of Plymouth because the elders believe that she never did nothing."

### Jottings.

—The Board of County Commissioners meet next Monday.  
—The sale of chromos will be continued this evening at Marshall's building.  
—The regular meeting of the Chebra B'rich Sholan to-morrow afternoon, at 3 o'clock.  
—A party of Reno ladies and gentlemen will spend their Fourth at Bowers' Mansion. Others will go to Glendale, and a large number, we presume, will do Carson.  
—The State Democratic Central Committee met at 2 o'clock this afternoon at the office of W. E. F. Deal, in Virginia City. The time and place of holding the State Convention, and the number of delegates to attend the Convention will be determined.

#### Methodist Sunday School Picnic.

The picnic of the Methodist Sunday School at Carson on the Fourth of July, promises to be an extensive affair. A large number of tickets have already been disposed of, and many more engaged. A special train will be run, leaving Reno about 8 a. m. and reaching Carson at 10 a. m., and returning will leave Carson at about 5 p. m., reaching Reno about 7. Every child in Reno is anxiously counting the days to the Fourth. The Reno brass band will accompany the picnicers and discourse sweet music on the way. A good time may safely be anticipated.

**WORKINGMEN.**—The regular meeting of the Workingmen's club will be held this evening, at the west end of Earl's depot. A lady will be one of the speakers. Ladies are therefore invited to attend. Mr. Jones says that they hope to have Denis Kearney with them next Saturday evening.

### Railroad Accident.

At about 9:30 o'clock last evening while the lightning express was running between Hufaker's and Reno, and when near the Anderson switch, some 3 1/2 miles from town, one of the axles to the truck wheels broke and thus let part of the gearing down on the track. As the train was going at the rate of 40 or 45 miles to the hour, a broken axle dragging on the track was not regarded by the engineer as wholly desirable for comfort, nor entirely calculated to insure safety. No. 17, the engine, has no air condenser, and the train had to be stopped by hand brakes. The regular locomotive of the evening train is the Reno, and it will be remembered that this engine broke a parallel bar two or three nights ago, and is now in the shop undergoing repairs. The engineer says that one of the back pony wheels rolled a considerable distance from the track, and stepped in a garden by the side of the roadway. Had the train been running round a curve it would have been thrown from the track. As it was, the damage was light. The engineer took off the back-set of the truss wheels and pulled into town with the same engine. The express left Reno for San Francisco at 12:55 a. m., or nearly four hours behind time. The west-bound overland train left a few minutes after the express.

### Yesterday's Races.

The attendance was notably improved yesterday, and it is to be hoped that four times the number will be present to-day to witness the great match trot. The dash of one-half mile yesterday was won yesterday by Conaic Vic, Hattie R. second, Ecliptic last. Time, 51 1/4. The trot between South Platte, Jewess and Henry B. was next on the programme. Platte had won on the previous day, but many were sanguine that Jewess could win. They proved, however, to be poor fortune tellers, for Platte won in three straight heats, Jewess second. Time, 3:51, 2:49 1/4, 2:51 1/4. The two mile and repeat trot was then called, and Democrat, Muggins and Lulu came to the score in the order named. Muggins was looked upon as the slick one, and several of the boys patronized him. Democrat, however, won the first heat in 5:47, Lulu second, and Muggins saw the flag drop in his face. The second heat was well tested, Lulu proving herself a game one. Democrat, however, was too numerous for her, and won in 5:40. Pool selling on the match trot to-day was quite lively at the Depot last night.

### School Concert.

A very good house was in attendance last evening at Mr. Ring's school concert and exhibition. The programme, although somewhat lengthy, was well gotten up, and the pupils bore their respective parts with merit. The dialogues were all good and the singing excellent. The solo "Dear Little Hands," by Miss Julia Wintermantle, was well received. "Paddy is the Boy," by Miss Fannie Russak pleased everyone, and was encored. The entire exhibition was a success. This evening a new, but shorter programme, will be presented. We judge from the programme that this evening's entertainment will even surpass that of last night, and we trust that our citizens will show their appreciation of the object of this concert and exhibition, and give tangible evidence of their interest in the cause of education this evening by attending this school entertainment at Smith's Academy of Music. Admission fifty cents.

### Pyramid.

The Pyramid mines were visited yesterday by John H. Kinkead, of Unionville and Captain Lyons, of the Gold Hill News. Both of these gentlemen were very much pleased with the outlook, and after a careful inspection of the Jones & Kinkead unhesitatingly declare that the company owns a good mine. The work of prospecting goes on vigorously, and the north drift to tap the main ore body, which was described in the Gazette recently, is pushing forward. Captain Lyons thinks that the mine contains a large body of ore, and is loud in his approval of the economy which has ruled the company's affairs. These gentlemen will visit the mines again.

**PRIZE CONCERT.**—There will be a concert of sacred music at the Methodist Church to-morrow evening, at 7:30 p. m. Short addresses will be made by Revs. Dr. H. H. Hufkins and Gray. All are invited.

### Indians Killed Near Reno.

We learn from certain parties from Pyramid, that a few days ago a party of Bannock and Snake Indians, killed at one time two Piute and the next three Piute Indians, between Pyramid and Mud lakes, because these Piutes would not join the Bannocks in their war against the whites. The Piutes around Pyramid lake are gathering in to the Pyramid reservation for safety. Two Bannocks have been in Reno, it is presumed, attempting to persuade the Piutes and Washoes to join in the Indian war. We have not learned that they have been in any degree successful. Another rumor has obtained circulation that a raid may be expected on the stock in Smokey creek, which is ninety miles north of this place. It might be well for our citizens to discourage all attempts to induce the Piutes and Washoes to take any part in this Indian war or any predatory Indian excursions.

### Should be Stopped.

There is one practice which many of the boys and some of the older boys also have, of excessive stamping of feet, clapping of hands and whistling at the close of parts of a public entertainment, and particularly of home performances. We know they don't raise this disagreeable racket for the purpose of disturbing a public exercise. Did they but think they must know that those who are interested in the play or what not are very much disturbed by this excessive applause, and it greatly embarrasses those who are attempting to entertain the audience. It is a gross breach of politeness, and, boys, it is not gentlemanly, and far from courteous to those you annoy, nor does it add to your good name. We therefore beg of you to contain yourselves.

**DISTRICT COURT.**—The business transacted in the District Court within the past two days is as follows: In the case of W. Thompson vs. C. C. Powning, plaintiff's motion for a new trial was argued and taken under advisement by the Court. In the case of E. E. Richard & Son vs. The C. P. R. R. Co., the plaintiffs were allowed ten days additional in which to file amendments to statement in motion for new trial. In the case of The State vs. Ah Chavey, the defendant made motion and argued the same for a new trial; taken under advisement by the Court until next Tuesday. Court adjourned until Tuesday, July 2d.

**PERSONAL.**—At the races and in town yesterday we noticed the following well-known gentlemen: John H. Kinkead, Unionville; Capt. Lyons, Gold Hill, Jasper Babcock, E. R. Smith and Joe Stuart, Virginia; Matt Canavan; Gold Hill, several Carsonites and numerous Comstockers unknown to us.

**GREAT NOVELTY.**—Miss C. Seltier, Reno's fashionable French milliner, keeps constantly on hand a fine stock of hats, feathers, ribbons, etc. Hats made as good as new by bleaching and pressing. **MISCELLANEOUS.**

**FELLOWS'**  
**Compound Syrup!**  
—OF—  
**HYPOPHOSPHITES.**

**THIS DISCOVERY**  
Is the result of a series of Scientific Experi-  
ments based upon the theory that "for the  
successful cure of Wasting Diseases, the nerv-  
ous system must be made vigorous and  
healthy."

One of the first symptoms of disease affect-  
ing either the Liver, Lungs, Heart, Stomach,  
or Genital Organs, is a loss of nervous power.  
This is followed by muscular relaxation, weak-  
ness, and emaciation of all the organs which  
depend for health or involuntary muscular  
action, the weaker suffering first.

The inventor, acting upon this idea, that  
the muscles and nerves depend upon each  
other for efficient strength and action, and  
that they must be treated directly in order to  
speedily and permanently cure diseases of the  
organs which they control, became convinced,  
after months of experiment, that no other  
preparation contained so potent and direct  
effect upon the nervous system as his

**Compound Syrup of Hypophosphites**  
and except in cases of actual organic loss, that  
it would restore patients suffering from those  
maladies.

In all the diseases overcome by the use of  
this remedy are the following:—  
*Chronic Constipation,*  
*Chronic Dyspepsia,*  
*Asthma,*  
*Chronic Bronchitis,*  
*Consumption,*  
*Chronic Diarrhea,*  
*Chronic Laryngitis,*  
*Melancholy,*  
*Nervous Debility.*

Debility, resulting from Typhoid and other  
low fevers, Diptheritic Prostration, Hysteria,  
Hypochondria, Nervous Excitability, Maras-  
mus or Wasting of the Muscles, Aphonia or  
Loss of Voice, Stagnation of the Liver, In-  
terrupted and Feeble Action of the Heart,  
Suffocating Feelings caused by mucous ob-  
struction of the Lungs and Air Passages lead-  
ing thereto, and Debility from various causes.  
Indigestion and habitual Constipation  
almost always arise from weakness of the  
muscles and nerves of the stomach and bowels.  
In such cases, Fellows' Compound Syrup of  
Hypophosphites has proved itself of the great-  
est service by inducing healthy peristaltic  
action of the intestines. The evacuations  
soon become copious and healthy, without  
producing the effect of purgative medicine.

Weakness of the Joints and Muscles, Im-  
pairment of the Faculty in every section where  
it has been introduced, and the large sale it  
is the best guarantee of the estimation in which  
it is held by the public.

This syrup will cure PULMONARY CONSUMP-  
tion in the first and second stages, will give  
great relief and prolong life in the third. It  
will cure ASTHMA, BRONCHITIS, LARYNGITIS  
and COUGHS. It will cure all diseases origi-  
nating from want of Muscular Action and  
Nervous Power.
